DETAILED ACTION

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Chid S. Iyer on 6/16/2005.

The application has been amended as follows:

Claims 1 and 6 have been amended as follows:

1. (currently amended): A holographic viewing device comprising:

a frame member and

a computer-generated hologram constructed as a transmission Fourier transform hologram is fitted in a frame member,

the computer-generated hologram further including:

a peripheral site [which does not contain a phase information and an amplitude information] being removed in order to fit said hologram in said frame member.

Art Unit: 2872

6. (currently amended): A computer-generated hologram for a holographic viewing device, which is constructed as a transmission Fourier transform hologram for the holographic viewing device, comprising:

a frame member and

a peripheral site [which does not contain a phase information and an amplitude information] being removed in order to fit said hologram in said frame member.

Reasons for Allowance

Claims 1-9 are allowable over the prior art for at least the reason that the prior art fails to teach or reasonably suggest the peripheral site being removed in order to fit said hologram in said frame member as set forth in each independent claim.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
